The new Wake Up Folio

for iPad (3rd gen) and iPad 2

C-IP3F-SCWU

The new Wake Up Folio offers different convenient viewing options. Prop up your iPad for seeing videos comfortably, or lay it in lower position for easy typing. The upper cover simply closes the case to put your iPad in sleeping mode, and open it to instantly wake up the device. The sleep function support will save your battery power while Wake Up Folio protects your iPad anytime and anywhere.

Features

- One unit design for smart cover and back case functionalities
- Offering different viewing options with stand function
- Simply close the cover to put iPad in sleeping mode, and open it to instantly wake up the device
- Microfiber inner lining secures your iPad
- Premium construction design protects from scratches and scuffs
